

“First European Symposia Bone Marrow / Stem Cell Donor Registries”

Dear Spyridonidis Alexandros, dear Economopoulou Lamprini,
it is with pleasure that we invite you to the **“First European Symposia Bone Marrow / Stem Cell Donor Registries”** and **“3rd SKD-Workshop”**, on Monday, July 8. 2013, from 10:00 am to 7:00 pm in co-operation with the **Paul-Ehrlich-Institute**. The **Paul-Ehrlich-Institute** is an agency of the German Federal Ministry of Health. Its research and control activities promote the quality, efficacy and safety of biological medicinal products.

We invite you to prepare a short 10 minute presentation regarding the national work of the Donor Registry in your country. Furthermore, we would like to discuss and share together with all the participants the challenges and issues regarding the Registry as well as the possibility of forming partnerships with you and the 26 German bone marrow donor centers.

The non-profit foundation „Stiftung Knochenmark- und Stammzellspende Deutschland, SKD“ was established in 1999 as a national network of 26 cooperating German bone marrow donor centres but also as a strong advocacy group for donors, patients and volunteers.

We are very proud that so far almost two million volunteer donors have been registered in the SKD donor centers (*non DKMS donor centers*), which enables us to provide suitable donors from Germany for leukemia- or tumor patients every day.

All German donors are brought together in the ZKRD - the German National Registry of Blood Stem Cell Donors-, and the nation’s information hub in searching for an unrelated blood stem cell donor. The ZKRD receives and manages all requests concerning national and international patients.

Through the worldwide collaboration between the transplant centers, international donor centers and national registries/hub, we all seek to raise the standard of what is possible in the field of stem cell transplantation. Our work begins with the patient and the donor, extends far beyond the provision of medical care and leads to the transformation of international standards, health systems and global health policies.

Together we are raising the chances for patients and improve the donation procedures for stem cell donors. The delivery of health care for patients and donors is what brings us all together. The SKD highly appreciates your partnership and this global cooperation. It is a great pleasure and privilege to work with you.

If you will be arriving on Sunday, July 7th, 2013, in the evening, we would love to invite you for a late dinner together with us. Please forward us your registration and please ensure that your registration has been received and confirmed via email **not later** than the end of April 2013.

With sincere greetings,

Susanne Morsch
Chair

Directions: How to find us

The Paul-Ehrlich-Institut is located between Frankfurt am Main and Darmstadt in the south of the Federal State of Hesse. Its address is: Paul-Ehrlich-Straße 51-59, 63225 Langen, Germany.

You will reach the institute on the A5 and A661 motorways/expressways and from Frankfurt Airport. Good public transport connections to the institute are available.

- The international airport closest to the Paul-Ehrlich-Institut is Frankfurt Airport (IATA code: FRA)
- By taxi from the airport:
From the airport by public transport:
The airport has an S-Bahn connection. The S-Bahn is a fast commuter train. Follow the signs for "Regio-Bahnhof" to find the S-Bahn stop. Take the S8 towards Hanau and get off at Frankfurt Hauptbahnhof (Main Station).
- Inside the airport building, follow the signs to the taxis. The journey from the airport to the Paul-Ehrlich-Institut takes about 15 – 20 minutes. It costs between 20 and 30 Euro depending on the time of day.

Connection from Frankfurt Hauptbahnhof (Main Station)

If you travel via Frankfurt Hauptbahnhof, you will have three choices:

1. the basement level of Frankfurt Hauptbahnhof (Main Station). They run every 15 minutes. Get off at the S-Bahn stop at "Langen/Flugsicherung" (the air traffic controllers' institute at Langen). From the S-Bahn stop, take the roughly 10 minute walk up to Robert-Bosch-Straße. On arriving at this street, bear right, then, after appr. 50 m turn left into Heinrich-Hertz-Straße. Follow this street until you arrive at Paul-Ehrlich-Straße. Turn right for the main building or left if you want to go to one of the external offices.
2. Take the S3 towards Darmstadt or the S4 towards Langen. These trains leave from the basement level of Frankfurt Hauptbahnhof (Main Station). They run every 15 minutes. Get off at the stop "Langen" and take a taxi or bus no. OF-72 towards Neurott (a part of Langen). Please note that the S-Bahn stop "Langen" is
3. Take the regional express train towards Heidelberg or Mannheim, which runs every hour. Get off at "Langen" (station) and take a taxi or bus no. OF-72 towards Neurott.
4. Its one stop after the S-Bahn stop "Langen/Flugsicherung".
