

DKMS GLOBAL COLLABORATION GRANT 2019

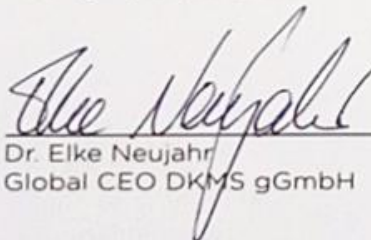

The annual Global Collaboration Grant is intended to advance the joined effort to help patients in need of a suitable stem cell donor by enhancing the work of registries and donor center. This Grant is funded and administered by DKMS.

After careful consideration of the many excellent applications, the panel is pleased to announce:

**The annual DKMS Global Collaboration Grant 2019
has been awarded to**

**Centre of Bone Marrow Donor Volunteers,
University of Patras,
CBMDP - "Save a Life"**

Tübingen, July 31, 2019
